A gust of wind in the Pacific grows into the

PERFECT DISASTER

Scientists warn that perfect storms are inevitable. They may not happen every decade or every lifetime, but when they hit the world's largest cities, they unleash perfect disasters. The storms in PERFECT DISASTER hit cities where they are most vulnerable and where they can do the most damage.

a Discovery Lifestyle Network

Discovering their world just got easier.

Discovery Communications is proud to announce
the acquisition of United Learning, Inc.

- United Learning is the industry leader in web-based video-on-demand delivery to the K-12 classroom
- United Learning offers more than 5,000 core-curriculum videos, correlated to national and state standards
- United Learning reaches 40,000 schools in 50 states and more than 100 countries

Through United Learning's innovative streaming technology, Discovery is poised to become a leading aggregator and deliverer of video into the nation's classrooms, underscoring its commitment to meeting the ever-changing needs of today's teachers and students.

DISCOVER

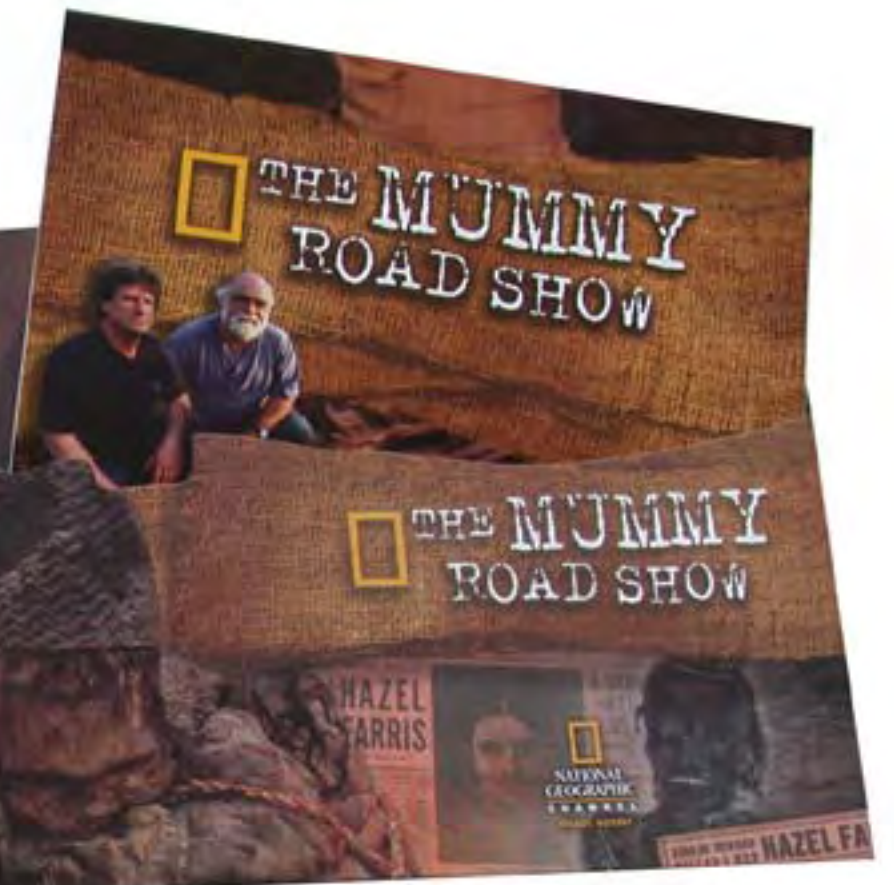

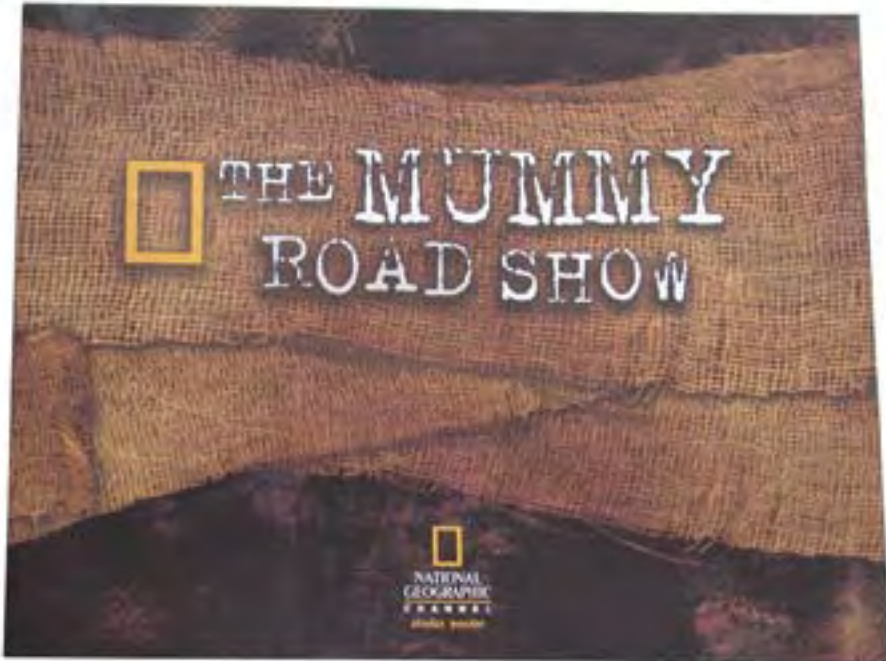

the possibilities

Discover the next chapter in interactive learning.
Discovery Channel School and Pearson Education are teaming up to bring interactive textbooks to schools and a new energy to the classroom.
